

# Player Series Stratocaster®

Model #: 0144502500

Player Series pickups are crisp and articulate, a modern tweak of our classic sound.

This Stratocaster features a two-point tremolo bridge for smooth, superior tremolo action.

Breaking with tradition, it has a dedicated tone control for the bridge pickup, giving you more control over your sound in pickup positions one and two.

Adding another fret extends the range, while the “Modern C”-shaped neck profile is comfortable for almost any playing style.

The Player Stratocaster model’s sleek curves are hand-shaped to original specifications.

Each Player Stratocaster includes an “F”-stamped neck plate, leaving no doubt as to the instrument’s pedigree.

## Features
